Education

- 1978 Ph.D., Economics
 Georgetown University
 Washington, D.C.
- 1972 M.A., Economics
 Georgetown University
 Washington, D.C.
- 1969 B.A., Economics (with Distinction)
 University of Wisconsin
 Madison, Wisconsin

Professional Experience

2004-present George Mason University, Fairfax, Virginia

Director, Center for Health Policy, Research and Ethics and Professor of Health Services Research and Policy, College of Nursing and Health Sciences.

Overall responsibility for the design, implementation, management, and dissemination of policy research and program development studies in the area of health and health care.

-- Principle Investigator, Long-Term Care Integration Program Physician Strategy, \$142,000 grant from The California Endowment (2003-present).

-- Principle Investigator and Director, National Program Office, Medicare/Medicaid Integration Program. Responsible for administration, research, and direction for a \$10 million Robert Wood Johnson Foundation grant program to assist states develop new systems of care that better coordinate acute, post-acute, and long-term care (1997-present).

1988-2004 University of Maryland, College Park, Maryland

Associate Director, Center on Aging and Associate Professor, College of Public and Community Health.

Overall responsibility for the design, implementation, management, and dissemination of research and program development studies on aging, long-term care, and health economics with special emphasis on financing, delivery, and public policy issues. For more details see University of Maryland Center on Aging web page: www.umd.edu/aging. Also, teaches courses in Public Health Policy and Applied Aging and Health Policy.

-- Principle Investigator and Director, National Program Office, Medicare/Medicaid Integration Program. Responsible for administration, research, and direction for a \$10 million Robert Wood Johnson Foundation grant program to assist states develop new systems of care that better coordinate acute, post-acute, and long-term care (1997-2004).

-- Principle Investigator and Director, National Program Office, Partnership for Long-Term Care. Responsible for administration, research, and direction for a \$10 million Robert Wood Johnson Foundation grant program designed to assist states in developing and implementing innovative public-private long-term care insurance partnerships (1988-2004).

-- Principle Investigator, Cash and Counseling demonstration and evaluation, RWJF and ASPE grant and contract totaling \$13 million (1996-2004). This is a 3 state effort to understand the feasibility of offering cash instead of services to welfare clients to assist them in caring for their health and disability related needs.

-- Principle Investigator and Director, Robert Wood Johnson Foundation Office on Service Credit Banking. Developed and provided technical assistance to a \$1.8 million program to link the service credit volunteer concept with managed care organizations (1995-1999). This program built on earlier responsibilities for administration, research, and direction of a \$1.2 million initiative in six sites across the country to explore the feasibility of encouraging volunteers to provide personal care and chore services in exchange for credits for similar services to be redeemed when needed (1988-1994).

-- Principle Investigator and Director, National Program Office, State Initiatives in Long-Term Care Reform. Responsible for development, administration, research, and direction for a \$4 million Robert Wood Johnson Foundation grant program to assist states in implementing long-term care financing and delivery system reforms (1995-1998).

-- Principle Investigator, Cooperative Caring Network evaluation, PEW grant \$90,000 (1995-1996).

-- Principle Investigator, Research Support of State Long-Term Care Insurance Partnership Development Programs, \$400,000 grant from the Administration on Aging, Department of Health and Human Services (1988-1991).

-- Principle Investigator, Public Attitudes on Long-Term Care Survey and Analysis, \$25,000 contract with the Health Insurance Association of America (1988 - 1989).

**1978-1988 National Center for Health Services Research,
U.S. Department of Health and Human Services**

Senior Research Manager, Long-Term Care Studies Program, Division of Intramural Research (1980-1988). Responsible for setting and carrying out the research agenda on long-term care issues including supervising staff, managing the administrative work flow, carrying out analyses and disseminating findings.

-- Planned and carried out a series of research projects to determine the feasibility of developing long-term care insurance. This research is nationally recognized as the major catalyst to the widespread interest in long-term care insurance including what is now a new multi-billion dollar industry (see publications).

-- Directed the evaluation of a \$3.6 million demonstration of an incentive reimbursement system for nursing homes designed to encourage more appropriate care for the chronically ill elderly (see publications).

-- Served as senior staff to major Departmental task forces on long-term care issues in both the Carter and Reagan administration.

Deputy Director, Office of Program Development (1978-1980). Executive staff responsibility for the development of the NCHSR health services research agenda and program strategy and the implementation

of efforts to identify, describe, and analyze policy issues on the basis of findings from the research program.

- Active contributor to major Departmental initiatives on hospices, long-term care channeling agencies, and cost of illness.
- Developed specific guidelines to improve cost of illness methodology (see publications).
- Served as member of the Public Health Service Health Statistics Coordinating Committee.
- Represented Department in direct negotiations with the Venezuela Ministry of Health on an Agency for International Development sponsored effort to encourage U.S. assistance in health care research and development.

**1975-1978 National Center for Health Statistics,
Department of Health and Human Services**

Economist, Long-Term Care Statistics Branch, Division of Health Resources Utilization Statistics. Project leader for new survey initiatives in the economics of long-term care with responsibility for planning and developing procedures for collecting and analyzing data from a national sample survey, conducting the analysis, and preparing technical reports (see publications)

**1972-1975 Bureau of Economic Analysis
Department of Commerce**

Economist, Interindustry Economics Division. Coordinated the price deflation work of the Division with special responsibility for research on problems of defining and measuring prices and outputs in the service industries for the GNP estimates.

**1971-1972 Bureau of Labor Statistics
Department of Labor**

Economist, Consumer Price Index Division. Responsible for research on the problems of the medical care component of the Consumer Price Index for the purpose of improving its procedures for measuring inflation in the revised CPI. Participated in the development and analysis of a new price index series by city size (see publications).
