

Associate Professor of Nutrition

The Department of Global and Community Health invites applications for a tenure-track position in nutrition at the level of Associate Professor to begin August, 2009. Successful candidates will bring an active research program which contributes to significant new developments in the discipline and whose interests complement the strengths and priorities of the Department of Global and Community Health including chronic disease and disability, global health, epidemiology, and community health.

Teaching duties require teaching two nutrition courses per semester and assisting in the development of nutrition degree program and a new Department of Nutrition targeted for fall 2012. Priorities include those who can teach courses in food science, advanced nutrition, clinical nutrition, and nutrition and chronic illnesses.

Required: a doctorate in nutrition or closely related discipline. A registered dietitian (RD) credential and membership to the American Dietetic Association is preferred. A focused research agenda and potential for developing a high quality competitive program of research is required. Salary and tenure status are dependent on prior experience (including post-doctoral experience) and maturation of the candidate's program of research.

George Mason University is an innovative, entrepreneurial public university with national distinction in a range of academic fields. The University enrolls more than 30,000 students at campuses in Arlington, Fairfax, and Prince William counties in northern Virginia. The proximity of the University to the nation's capital offers faculty members a wealth of opportunities to engage in significant national and international initiatives and collaborations as well as rich offerings of cultural and artistic programs.

George Mason University is an Equal Opportunity/Affirmative Action employer. The University is dedicated to the goal of building a culturally diverse faculty and staff. Women and minority candidates are particularly encouraged to apply.

Electronic submissions are required in order to apply for the position described below.
