- Submit the online BSN Program Application and all supporting documents by the January 15 deadline.

Note:

2 separate applications = 2 separate decision letters. Students must be admitted to both to enroll in the Nursing program.

  • Transfer admission to Mason is competitive.

See Transfer Equivalency handout for more information.
Let’s talk about two-year degree programs:

- AA: Associate of Arts
- AS: Associate of Science
- AA&S: Associate of Arts and Science
- AAS: Associate of Applied Science (does not waive Mason Core requirements)
- Earning an AA, AS, or AA&S from approved Virginia community college with a qualifying GPA does not guarantee that a Mason Core Waiver (which waives all Mason Core requirements except for ENGH 302) will be awarded. **Mason Core Waivers are ultimately awarded by Office of Admissions, not the School of Nursing.** Contact Mason’s general Office of Admissions for more information and see Guaranteed Admission Agreement for details.
- If a waiver is not awarded, then the Admissions Office does a course-by-course evaluation.
Nursing Prerequisites

• Anatomy and Physiology I (4 cr)
• Anatomy and Physiology II (4 cr)
• Microbiology (4 cr)
• Biomedical Ethics (3 cr)
• Developmental Psychology (3 cr)
• Statistics (3 cr)
• Nutrition (3 cr)
Nursing Prerequisites

• Grades
  • Must earn a grade of C (not C-) in EACH nursing prerequisite course
  • Must earn at least a 3.0 GPA in the nursing prerequisite courses

• Timeframes
  • May be currently enrolled in prerequisites for spring term
  • All must be complete by May 20 (end of the Mason’s spring term) before starting program in the fall
  • *Cannot* take pre-requisites in summer before starting program

• 3 Science Courses (A&P I, A&P II, and Microbiology)
  • Cannot be more than 5 years old from the time of BSN enrollment. (e.g., If applying for fall 2017, sciences must have been completed during or after fall 2012.)
  • Must have **two out of the three** science prerequisites complete by date of application
Transfer Courses

- All transfer course equivalencies are determined by the Mason Office of Admissions after a student has been admitted to Mason and paid the enrollment deposit.

- To determine whether your course matches the Mason course needed for the BSN Application, you can do the following:
  - Use Mason’s Transfer Credit Matrix: [http://admissions.gmu.edu/transfer/](http://admissions.gmu.edu/transfer/)
  - If course is not in the Matrix, compare your course description with the description of the Mason course ([catalog.gmu.edu](catalog.gmu.edu)).

It is your responsibility to make the determination of whether your course matches the Mason course for BSN Application purposes.
Competitive applicants typically:

- Have the majority of nursing prerequisites completed at time of BSN application.
- Have *not* repeated nursing science prerequisite courses.
- Have *not* received a grade of C or lower in their nursing prerequisites.
Admissions decisions are holistic and based on an array of factors: academic strength, writing ability, communication skills, and experience.

Academic strength is determined by evaluating all coursework completed by the date of application.

- If enrolled in fall courses, WAIT until fall grades have been posted before beginning the BSN application process.
- Fall grades must be posted on transcripts submitted with Part C package of the BSN application.
- If Part C is submitted before fall grades are posted, applicant is evaluated only on courses COMPLETE at the time of application.
If not admitted:

- Advisors are unable to meet with applicants who are not Mason students and are unable to respond to emails regarding reasons for denial.

- Common reasons for denial:
  - Incomplete application
  - Nursing prerequisite/science GPA was not competitive
  - Below a C in any of the required nursing prerequisites
  - Sheer volume: given the volume of applications received for the limited number of clinical spaces, other applicants presented stronger applications

- Consider pursuing an Associate Degree in Nursing (AAS) and then applying to Mason’s 30 credit, online RN to BSN program.
Mason Admissions Recap

• University admission letter mailed by the Office of Admissions.

• Decisions made on rolling basis after all required application materials are received.

• Contact Office of Admissions directly with questions or for more information: admissions.gmu.edu or 703-993-2400.
